Service Overview

- Full campaign transparency
- ROI & ROAS optimization
- Competitor benchmarking

Audit Methodology

- 1. Data Extraction: Automated scraping of ad assets and performance metrics.
- 2. AI Analysis: Processing data through our proprietary Claude Ads engine.
- 3. Strategic Reporting: Delivering actionable insights and a prioritized roadmap.

Sample Audit Results

Metric	Current State	Opportunity
Ad Waste	15% of budget on non-converting keywords	Reallocate to high-intent search
Creative Fatigue	High CTR drop in 30+ days	Refresh primary visuals
Audience Overlap	20% redundancy in Retargeting	Refine exclusion lists
